

THIS WEEK AT FLORIDA DEMOCRATIC PARTY

WEEKLY NEWSLETTER

WEEK OF 7.27.2026

Florida Democrats,

Election season is officially upon us with just **3 WEEKS** until our Primary and less than **100 days until the General**. After 18 months of building infrastructure through the Pendulum program and alongside all of you, it's time to get to work.

This is a moment where we need all hands on deck. Reach out to your family and friends and encourage them to volunteer! [Our events page on floridadems.org](https://floridadems.org) is constantly being updated with the latest canvasses, phone banks, and meet-ups.

A great entry point to get folks involved is inviting them to our All Dems call this **Wednesday at 7:00pm** featuring **DNC Chair Ken Martin!**

Field Updates

Over the past week, Florida Democrats made **135,034 voter contact attempts** and had **6,978 conversations** with voters. Those numbers reflect the organizing happening across our DECs, clubs, and caucuses—and they peaked during our 3 Weeks to Win Statewide Weekend of Action.

That work is making a difference. Florida Democrats now lead in Vote-by-Mail enrollment by 162,295 voters, thanks to relentless outreach to help people get re-enrolled.

Special shoutout to the **North Tampa Dems**, who personally called and knocked on the doors of thousands of voters in Hillsborough County. We know Democrats win

when we talk to enough voters, and when local organizations lean in at that level, our work can scale quickly.

This coming weekend, during our 2 Weeks to Win Statewide Weekend of Action, Democrats across Florida will host canvasses and phonebanks to build on this momentum.

With the deadline for Vote-by-Mail enrollment for the August 18 elections approaching, we need your help now more than ever. [Join an on-demand phonebank](#) or [host one in your community](#) to reach the voters who will decide these races.

Communications Updates

Property Taxes

- **Short Message:** *Floridians are working harder than ever during an affordability crisis & need practical solutions that lower costs for everyone.*
- But eliminating property taxes just shifts costs onto small businesses & renters through new taxes or fees so we all pay more for our local services.
- **Full Message:** *Floridians are working harder than ever during an affordability crisis but eliminating property taxes for homeowners won't solve the problem.*

- Shifting costs onto small businesses and renters through new taxes or fees means we all pay more for our local services.
- We need practical solutions like capping insurance rate hikes and taxing insurance corporations' excess profits that lower costs for all working families and seniors.

Fees

- **Short Message:** *Hardworking families and seniors deserve real solutions to the affordability crisis, but eliminating property taxes just saddles us with higher costs while handing big profits to corporations for services that are currently public, affordable, and working for us.*
- **Full Message:** *Local services that our communities depend on like public hospitals and health services, first responders, disaster relief, and schools, rely on property taxes. So what happens if property taxes are eliminated? We'll be forced to turn to private corporations for basic necessities or have to pay new fees to the government that jack up our everyday costs. That's not real savings. Hardworking families and seniors deserve real solutions to the affordability crisis, but eliminating property taxes just saddles us with higher costs while handing big profits to corporations for services that are currently public, affordable, and working for us.*
